

How to Trade the Black Charts

1st Step -> Establish Trend First with the 5 minute Ma's

NOTE Entry will be within 2 ticks of these levels by waiting for a close above/below the 3 SYM Renko bars *doji* or *spinning top*, wicks not included

NOTE #1 trades are **ALWAYS** with 5 minute trend on **FIRST TEST** of area
Confluence of these areas create stronger trades, ex. Hedge fund overlapping HVA or LVA

DOWNTREND

#1's - Sell First Test of HVA/Hedgefund

#3's - Retest LVA for Short Continuation

UPTREND

#1's - Buy First Test of LVA/Hedgefund

#3's - Retest HVA for Long Continuation

TREND OR CHOP

- **Sell First Test of HVA**
- **Buy First Test of LVA**
- **Look For Breakout at LVA or HVA**
